**Location:** Culver, Indiana

**General Contractor:**  
Culver Academies

**Client:** Culver Academies

## Matching Existing Marble Design Partitions for Main Dining Hall

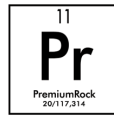

### Objective:

Create wall partitions matching a 100-year-old marble design, replicating the aesthetic and minimizing costs.

### Description:

Culver Academies desired extra wall partitions replicating their existing 100-year-old marble. However, sourcing a replica was deemed impossible. Premium Rock stepped in with its versatile design capabilities, offering a cost-effective solution.

Premium Rock closely analyzed the design concept and meticulously recreated the marble pattern without using real marble. Leveraging its expertise in materials and finishes, Premium Rock produced partitions precisely matching the desired design while providing significant cost savings.

**Premium Rock**  
The New Design Element

### Outcome:

Premium Rock's ability to replicate a 100-year-old marble design allowed Culver Academies to achieve its vision within budget. The partitions blended seamlessly with the existing interior, preserving the historical aesthetic while providing a functional solution. The client praised Premium Rock's attention to detail and ability to deliver a result that nobody else could.

## Premium Rock's Seamless Fiberglass Signage and Emblem Seals: Elevating Gymnasium Renovation

**Client:**  
**Gymnasium Renovation Project**

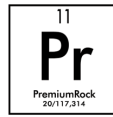

**Objective:**

Create large, seamless signage and emblem seals serving as a striking centerpiece and complementing the overall design of the gymnasium.

**Description:**

In the context of a gymnasium renovation project, the client sought to make a bold statement with large signage free of visible seams. Premium Rock's expertise in seamless image printing and advanced manufacturing capabilities made it the ideal partner for this endeavor. Using fiberglass as the base material, Premium Rock leveraged its state-of-the-art manufacturing line, capable of accommodating up to 40-foot-long substrates.

Premium Rock's team delivered seamless signage and designed and crafted two emblem seals to flank the main sign. These emblem seals were meticulously created to seamlessly integrate with the gymnasium's aesthetic, while CNC eagle logos were added to enhance the overall design.

# Premium Rock

The New Design Element

**Outcome:**

Premium Rock's ability to produce flawless, seamless fiberglass signage resulted in a visually cohesive and impactful gymnasium renovation. The large, seamless sign became an eye-catching focal point, instantly capturing attention and leaving a lasting impression on visitors. The meticulously designed emblem seals further elevated the gymnasium's atmosphere, adding a touch of sophistication and effective branding. The client was thrilled with the exceptional craftsmanship, attention to detail, and undeniable wow-factor achieved by Premium Rock.

### Custom Restroom Panels with Historical Student Newspaper Images

**Client:**  
**Culver Academies Canteen**

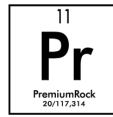

#### **Objective:**

Incorporate images of historical cartoons in restroom decor while ensuring durability and minimizing the risk of theft or vandalism.

#### **Description:**

The Culver Academies Canteen sought to pay homage to past newspaper cartoons by displaying custom panels in their restrooms. However, traditional picture frames were considered vulnerable to theft or vandalism. Premium Rock proposed an innovative solution by embedding the images within durable panels.

Premium Rock's team worked closely with the client to select a range of historical cartoon images resonating with the academy's vision. Using their expertise in panel design, Premium Rock seamlessly incorporated these images into custom panels that were resistant to damage and easy to clean. The panels were strategically placed within the restrooms, creating a unique and engaging visitor atmosphere.

# Premium Rock

The New Design Element

#### **Outcome:**

By utilizing Premium Rock's versatile panel design capabilities, the Culver Academies Canteen achieved the objective of showcasing historical cartoons while minimizing the risk of theft or damage. The custom panels added aesthetic value to the restrooms, enhancing the overall experience for visitors.
